UNDERWRITING WITH CARE

PROTECTING YOUR MOST VALUABLE POSSESSIONS

inet3 have been providing property insurance products to a network of Financial, Insurance and Property Professionals nationwide for over 23 years.

We provide a friendly, professional service, coupled with a portfolio of good quality property insurance products; insured through some of the leading UK based Insurers and Syndicates at Lloyd's of London.

Our products have been developed over the years, by sharing market experience between ourselves and our intermediaries. This has helped them prevent gaps in cover, ultimately delivering some of the most comprehensive policies in the market today.

magenta | renovation

Renovation projects can be daunting. Unforeseen circumstances and funding issues can delay building work. Ideally your clients will need a comprehensive, yet flexible insurance policy to cover them for all eventualities, and to give them peace of mind during this exciting period.

Unlike most of our competitors, our policy covers new contract works as well as the existing building. This market leading policy is designed for rebuilding, refurbishment and construction.

Buildings cover includes:

- Covers the existing structure as well as new works
- Flexible cover available on a short term or annual basis

- Buildings covered for Fire, Lightning, Explosion, Earthquake, Aircraft, Storms, Floods, Weight of Snow, Malicious Damage, Theft and more
- Architects and surveyors costs covered after damage/loss
- Covers costs of making the building safe after damage/loss
- £2,000,000 liability as the property owner

FLEXIBLE

Cover is available on a short term basis (minimum 1 month) but is also available annually.

With the 1 month minimum term policy, we can offer any period of cover between 1-12 months to suit the clients needs. We are also able to offer 1- 12 month extensions, should the period of cover selected not be sufficient.

SPECIALISTS

With a dedicated and enthusiastic team of specialist Property Underwriters in-house, we are able to look at all quotes the same day, meaning no lengthy turn-around times. In most instances, quotes are provided within a couple of hours.

ADDING VALUE AT EVERY OPPORTUNITY.
